Good point Jerry and something I forgot about. Unfortunately we still do not have the initial agreement signed. Last I heard, lawyers were going to meet to discuss. I will help move along whatever needs to be agreed upon.

Hey all,

In discussions with our data team today it was discussed the current ask for MDHHS to provide address to the sample location of our sequential sampling. Based on the review of these agreement it appears we specificity discuss de-identified data. This is an issue.

We are going to need to address this asap. There are a few work arounds in the short term, but long term we are going to want to get a formal agreement. I plan to discuss this both in the MDHHS call in the morning and at the EPA 9:30 meeting for quick discussion.

Subject: data sharing agreement (Benton Harbor)

Daren,

Attached is a signed data sharing agreement for the Benton Harbor.

Please have EPA sign and return the fully executed original to me.

Thanks,

Aaron
